

COLFAX COUNTY GRAND JURY COMPLETES LABORS AT RATON

The grand jury completed its labors at Raton and adjourned Friday since die. In its report to Chief Justice W. J. Mills the body called attention to several matters requiring attention on the part of Colfax County.

East Raton came in for caustic comment on account of the alleged laxity of order prevailing there and a recommendation that the resorts there be better conducted or suppressed, is made.

Complaint was made regarding the manner in which justices of the peace forward papers in criminal actions to the court, to which carelessness much unnecessary delay and expense are attributed.

Other recommendations were made affecting the jail and some of the county officers.

Before adjournment the following indictments were returned:

Jay C. Gale for the murder of Oliver Rucker. The bond in this case is fixed at \$10,000 and was furnished.

Mannuel Baros for assault with intent to kill John Barnum.

N. I. Richardson for stealing three chickens from the coop of Mr. Sawaya of East Raton. This case will doubtless be heard behind closed doors, and no expense will be spared by the prosecution to make a conviction. With eggs at 50 cents per dozen and chickens at \$1 each, the gravity of the offense is easily estimated.

The grand jury failed to indict in the case of Henry Stone, and Stone was released from bond under which he had been held by Justice Canton, since his preliminary hearing before the last term of court. On motion of attorneys the bond of Henry Farr, charged with participating in the French robbery, was reduced to \$10,000.

Farr is said to be in poor health, and it is believed that he will secure the bond. He will then go to a hospital for treatment.

Judge Mills over-ruled a motion to reduce the bond of J. B. Humphreys to \$10,000 from \$15,000.

BIG TRACT OF LAND BROUGHT SMALL PRICE

Eleven thousand, eight hundred and thirty-nine acres of the Cebolleta land grant in Valencia county, New Mexico, was sold in front of the court house at Albuquerque Saturday for the small sum of \$1,410 and expenses, amounting to \$300. These expenses were incidental to the suit.

The sale was made by Referee Harry P. Owen. The bidders were James S. Smith, the plaintiff in the action, and Felix H. Lester, who, it is believed, represented a client. The bidding started at \$1,000.

The Cebolleta land grant is an arid tract, formerly owned by 140 heirs of one Anaya et al., who were named as defendants in the suit. Willie Spiegleberg, of New York, a former merchant of Santa Fe, owns 2,582 acres of the grant.

Martin Granev was in Springer, from his ranch near Colmar, it being the first time in three months, as during that time he has been a constant sufferer from rheumatism.

VALUABLE BOOKS FOR HISTORICAL LIBRARY

The library of the historical society in Santa Fe has recently received important additions. In the first place, is the unique copy of the New Mexico constitution of 1850, which has been finally acquired by purchase from the owner, who took it from Taos to Colfax county many years ago. He reluctantly consented to sell it, on condition that in addition to the price, he shall have a copy of any new edition of it which the society may hereafter publish.

Then there is also a full set of Purchas's Voyages, just re-published in England, in twenty large octavo volumes, containing an account of all the notable voyages and discoveries made by explorers in the sixteenth and seventeenth centuries, commencing where Hakluyt ended. The society already has a fine set of Hakluyt and this edition of Purchas, gives it a complete record of all that is most remarkable and romantic in the early voyages and discoveries in Asia, Africa and America.

LAST WEEK OF LENTEN SEASON; GORGEOUS DISPLAY ON SUNDAY

Only five more days remain until Holy Week is ended by Easter Sunday, and the season of penance and quietude is over. Throughout the Lenten period a social calendar only faintly dotted with gaiety has been in evidence, the events scheduled being almost entirely of the small and early sort, so indicative to the season of rest. The only ripples of excitement over the calm and quiet surface have been the announcements of weddings, which will occur in April and the rumors of other engagements of interest. However, with the spring season of social activity duly inaugurated, the calendar will be considerably lengthened.

Besides the rest acquired during the Lenten season, there is, too, the fine opportunity afforded for choosing material for new gowns and selecting adornments for the head for Easter Day, for both of which there is time in plenty. One of the large eastern newspapers in a recent article hinted that more time and attention was sometimes given to this subject during Lent than to topics and thought of religion, but there is plenty of

room for argument concerning that, even if it should be admitted the appearance that the society matrons and maids present on Easter Day and at the functions that they attend on following days, in their new raiment, refreshed in mind and beauty, demonstrate that Lent might have other aspects besides the deeply religious. Anyway, it is a recognized fact that Easter Sunday will witness gorgeous displays of spring finery, and that the weeks succeeding Easter will be filled to overflowing with clever and elaborate events in the social world and brightness and mirth will reign supreme.

DR. SLOAN COAL ENTRIES APPROVED FOR PATENT

Secretary of the Interior Ballinger at Washington, D. C., has reversed the decision of the Santa Fe land office and the general land office, ordering the so-called Sloan coal entries in Sandoval county, N. M., six in number, canceled, and has approved the entries for patent.

The original entries had been made in good faith on the Coyote arroyo, just north of Hagan and south of Algodones, by R. C. Huber, Mrs. R. C. Huber, Mrs. John L. Zimmerman, Miss Emma Bandeller, George Murray and others. Later they were mortgaged to Dr. John H. Sloan, of Santa Fe, who started to develop the property, expending a large amount of money. Then came the land fraud furore which swept the west and special agents questioned the validity of the Sloan entries.

A hard fought battle was then begun and carried through the Santa Fe land office and the general land office to the secretary of the interior. As a side play Dr. Sloan was indicted in the federal court on two counts for subornation of perjury and only a few weeks ago these indictments were quashed.

MORE APPOINTMENTS

Governor George Curry before leaving Santa Fe for Roswell Saturday afternoon announced the following mounted police appointments:

Fred Fornoff, of Albuquerque, captain; J. W. Collier, of Santa Fe, lieutenant; W. E. Dudley, of Alamogordo, sergeant; Fred Higgins, of Roswell; J. B. Rusk, of Chama; Leandro Baca, of Socorro, J. A. Beal, of Deming; Rafael Gomez, of Santa Fe; W. E. Griffin, of Santa Fe and A. A. Sena, of Las Vegas, privates.

He also made the following appointments for trustees of the national guard armories: Captain Carlos Viera, of Santa Fe; Lieutenant A. Ball, of Silver City; Captain P. E. Dessauer, for Las Cruces and Lieutenant Charles Whiteman, for Roswell.

J. B. Stewart for the United States geological survey, but under directions of territorial engineer V. L. Sullivan, has started from Santa Fe on a stream measurement tour which will include the Mimbres, Gila, San Francisco, Pecos, Canadian, Rio Grande, Cimarron, Mora, Sapello and Gallinas rivers.

Applications for Fish.

Numerous inquiries are being made by parties desiring fish from the department at Washington to place in private lakes, and the various streams throughout New Mexico.

Applications should be made direct to the bureau of fisheries, Hon. Geo. M. Bowers, commissioner, Washington, D. C., for blank fish application, which will meet with prompt attention from that department. Fill out the blank so secured, properly, and forward the same to Thomas P. Gable, the territorial game and fish warden at Santa Fe, N. M., who will take pleasure in giving it the proper endorsement and forward same through the regular channel.

It will be advisable to make these applications at as early a date as possible.

Palm Sunday.

Yesterday was Palm Sunday, the day on which is celebrated, according to ancient usage, the entrance of Jesus in Jerusalem; when the people met him in multitudes, strewing their garments in his path, and flinging palm branches before him, while they shouted and sang Hosannas. Only in the last of the four gospels it is said definitely that the branches were of palm, but as that tree is a common one in Judea, and is everywhere planted by the wayside, it would be the natural one to use.

Women Protest Against Tariff.
Detroit, April 5. — Detroit's club women numbering 3,000 have under way a vigorous protest to Michigan's congressmen against the increase in the duty on gloves and hosiery in the Payne tariff bill.

THE PUBLIC BENEFITED

East Las Vegas People Greatly Interested in Generous Offer of E. G. Murphey.

The people have already demonstrated that they would rather trust a man who is naturally honest, than one who was honest only because he had to be.

E. G. Murphey has firmly established his reputation for square dealing and sterling honesty. When he told the people that Rexall Remedies are the purest and most dependable remedies that it is possible for modern science to produce, and that he would tell the public exactly what each one of these 300 remedies contained, and that he sold Rexall Remedies on his own personal guarantee that they would give entire satisfaction or the medicine would not cost the user a single cent, he was believed.

Ever since this announcement the store of E. G. Murphey has been crowded by people buying Rexall Remedies; all of which proves that E. G. Murphey has the confidence of the people and that honesty is the best policy.

There is no "cure-all" among the Rexall Remedies—there are 300 different and separate medicines; one for each human ill, and each unquestionably the best of its kind.

Rexall Dyspepsia Tablets are particularly recommended for the positive cure of stomach irritation, indigestion and dyspepsia. They are rich in bismuth, subnitrate pepsin and carminatives, and are prepared by a special process which perfects and enhances the great curative value of these well-known medicinal agents. This remedy sells for 25c a package. Everyone suffering from a stomach disorder should try Rexall Dyspepsia Tablets, inasmuch as they cost nothing if they do not satisfy.

E. G. Murphey is certainly fortunate in securing control of the sale of these remedies, and we urge everyone in need of medicine to investigate and take advantage of his frank and generous offer.

Settles With Husband's Heirs.

San Francisco, April 5. — A deed has been recorded here in this city from Lilley Bennett Baldwin to Anita Baldwin McClaughry and Clara Baldwin Stokes by which Mrs. Baldwin, the widow of "Lucky" Baldwin, conveys all her interest in his estate to his two daughters above named. At the same time another deed was recorded by which the daughters convey all their interest in the estate, including the interest covered by Mrs. Baldwin's deed to the Mercantile Trust company of San Francisco. These two deeds cover a settlement with the widow, the terms of which have not been made public.

In the settlement Gavin McNab, represented the two daughters and Garrett McEnery represented the widow. There will be no contest by the widow.

J. G. Groves, United States mine inspector, who will be in charge of the United States mine rescue station, which will probably be located at Raton, was a visitor to that city.

ANOTHER WOMAN CURED

By Lydia E. Pinkham's
Vegetable Compound

Gardiner, Maine.—"I have been a great sufferer from organic troubles and a severe female weakness. The doctor said I would have to go to the hospital for an operation, but I could not bear to think of it. I decided to try Lydia E. Pinkham's Vegetable Compound and Sanative Wash—and was entirely cured after three months' use of them."—Mrs. S. A. WILLIAMS, R. F. D. No. 14, Box 39, Gardiner, Me.

No woman should submit to a surgical operation, which may mean death, until she has given Lydia E. Pinkham's Vegetable Compound, made exclusively from roots and herbs, a fair trial.

This famous medicine for women has for thirty years proved to be the most valuable tonic and renewer of the female organism. Women residing in almost every city and town in the United States bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound. It cures female ill, and creates radiant, buoyant female health. If you are ill, for your own sake as well as those you love, give it a trial.

Mrs. Pinkham, at Lynn, Mass., invites all sick women to write her for advice. Her advice is free, and always helpful.
